Welcome Message

Dear Colleagues and Friends,

Welcome to the International Conference on Power Systems Transients (IPST 2015) which is held in Cavtat, Croatia from the 15th till the 18th of June, 2015.

The IPST 2015 is the 11th Edition of the conference, which started in 1993 in Lisbon, Portugal, as the European Conference on Power Systems Transients-EPST 1993. Due to its positive response, the conference was then expanded to the IPST conference, promoting the study of the power system transients by offering a platform of scientific and technical excellence for its presentation. Since it is an open conference, it is intended to be a forum for the scientific community involved in all topics related to the study of transient phenomena in power systems. The proceedings of IPST have enjoyed considerable prestige on a worldwide basis.

Traditionally, the IPST conference provides authoritative reviews of the progress and state of research, as well as the opportunity for personal contacts between the entire community of transients researchers. The study of transients is facing many new challenges in modelling, phenomenon analysis and simulation methods. The emergence of dispersed generation, power electronics applications, increased penetration of wind power technologies in power systems and the continuous advances in real-time and non-real-time simulation methods constitute important topics.

Many thanks go to the main sponsor of the IPST 2015, RTDS Technologies Inc., and the other sponsors and donors who acted on their wish to help the conference to the best of their ability in order, to make it more enjoyable and memorable for the participants. Special thanks go to all the authors for their contributions and the reviewers who dedicated their valuable time in reviewing these papers and whose valuable comments and suggestions helped the authors to improve their articles.

We hope that you will have an enjoyable time discussing and exchanging ideas with each other and that you will enjoy Cavtat and the wonderful area of Dubrovnik.

Enjoy the IPST 2015

Presentation Guidelines

All contributed presentations are allotted 20 minutes. The allotted time includes an announcement of the talk, the presentations and questions. Speakers should allow sufficient time for questions, i.e. for a 20-minute time slot, the talk should be no longer than 15 minutes to allow for at least 5 minutes of questions. All presentations will start on time, according to the conference schedule. Speakers will not be allowed to go over the allowed time.

All rooms will be equipped with a laptop (Windows operating system with MS Office 2013 installed), projector, presenter remote, microphones and loudspeakers. It is the responsibility of the presenter to ensure that your presentation is compatible with our current operating system. The rooms will not be set up to accept a presentation preloaded on a Mac computer.

Powerpoint files of the paper presentations should be sent by means of the following e-mail address: contact@ipst2015.com. Please specify in which session your paper belongs and name the title of the file with paper ID which is the number of your paper as it appears in the conference program (e.g., 63.ppt/63.pptx). We strongly advise you to send us your presentations, as this will allow us to check the presentations compatibility in advance and to store the presentations on the computers in the session rooms according to the conference schedule. Please also send us your brief CV (of the presenting author) via the same email so the Session Chairman can properly announce you.

In case that you have made any modifications in your presentation, you should bring the presentation properly formatted and pre-loaded on a USB jump drive. A Session Chairman will be in the presentation room half an hour prior to the start of presentations each day to assist you with loading your presentation. The authors presenting the papers in the morning sessions may load their presentations from 8:00am-8:30am and those who present it in the afternoon may load their presentations from 1:30pm-2:00pm. The authors are kindly requested to proceed to the session room at least 15 minutes before the session starts.
